

Curriculum vitae

Personal data

Name: **István BAGI**
Birth: **1960**
Current position: **associate professor Department of Plant Biology, Faculty of Science and Informatics, University of Szeged**

Education

1984 **University MSc degree:** biology-chemistry, "József Attila" Science University, Szeged, Hungary
1990 **Dr. Univ.:** Vegetation dynamics of mud-vegetation in river-beds, "József Attila" Science University, Szeged, Hungary
1998 **PhD (CSc) degree:** Theoretical problems of vegetation mapping. Hungarian Academy of Sciences, Budapest, Hungary

Work experience

1984-present **Department of Plant Biology, (earlier Dept. of Botany) University of Szeged**

Research grants (the most importants)

<i>Grant#</i>	<i>Field (period)</i>
HU-RO-SCG-1/146 (INTERREG)	Research on the water demand of plant communities (2006-2007)
OTKA T032158	Population dynamics, cenological and ecological relations of <i>Botrychium virginianum</i> (2000-2003)
OTKA F6095	Investigations of large scale transformations in mud-vegetation of river-beds (1992-1996)

Honors

2000 HAS, Price of Dr. Zólyomi Bálintné Barna Piroska Foundation
2001 OTDT Plaque „With knowledge for Hungary”
2012 SZTE, TTIK-HÖK „Gold Chalk”

Committees

Member of public body of Hungarian Academy of Sciences (1998-)
Hungarian Biological Society (1984-)

Editorial boards

Kitaibelia (2007-)

Scientific impact (mtmt.hu, 07.2016)

Number of publications: 130
Number of citations (independent): 475
Cumulated impact factor: 5,314
H-index 12
